Trim Profiles

Board & Batten Trim is 29ga.

BOARD & BATTEN Compatible lo-rib Trim Profiles

lo-rib Trim is 29ga.

*FS = finished side or painted side. Custom trim available upon request.

Panels with protective film coating cannot be stored longer than 30 days and never in direct sunlight.

Protective film must be removed prior to installation.

Textured and woodgrain panels do not come with protective film.

Butyl Tape as a backer rod is recommended for Board & Batten panel installations - oil canning is not an allowable reason for return.
